

## General

LiPPERT Embedded Computers GmbH Products can be identified by a type label.

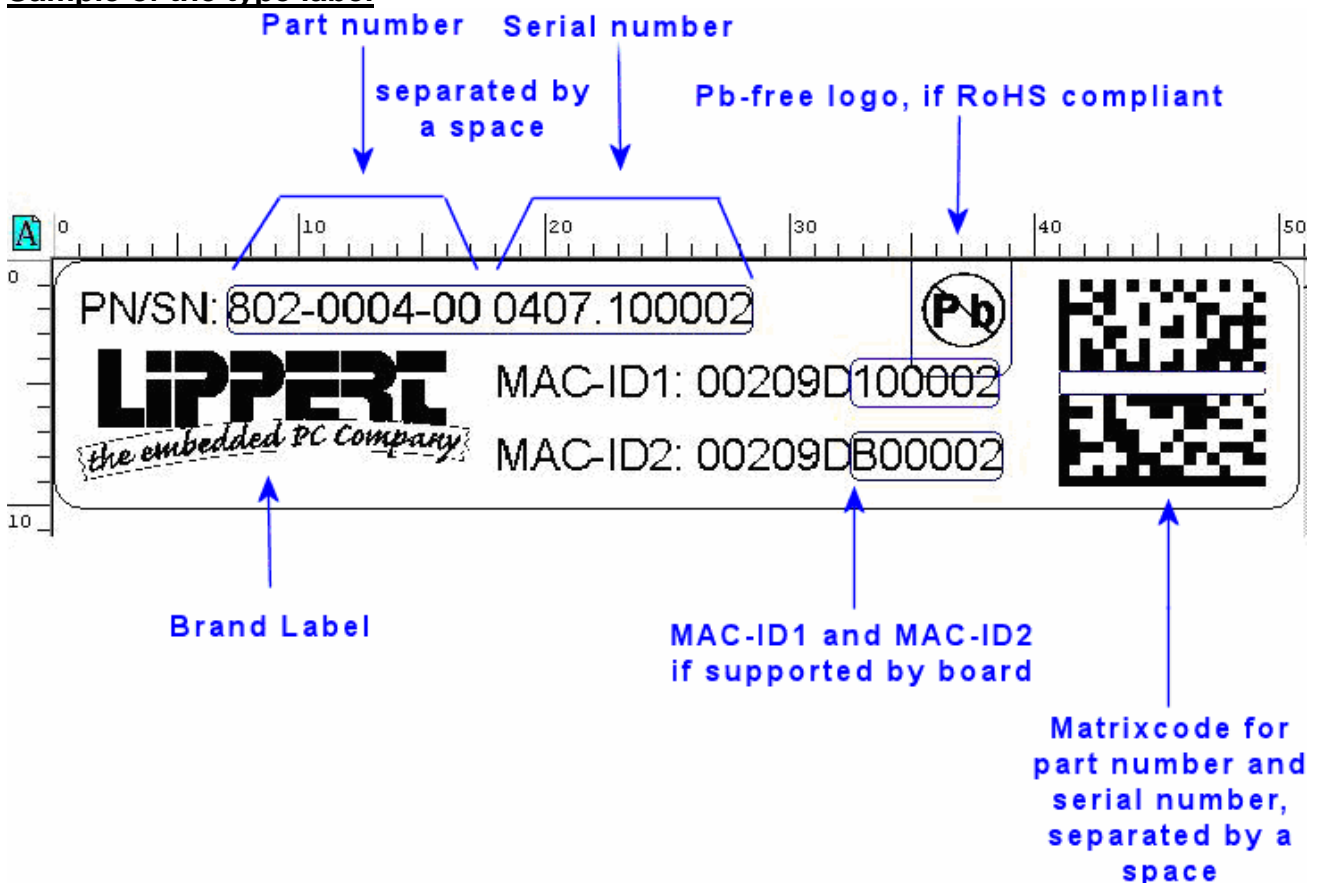

The style and the information of the type label has changed in January 2006.

## Type Label

The type label contains the following information:

- Lippert Embedded Computers GmbH brand label
- Part number (readable Text and Matrix Code)
- Serial number (readable Text and Matrix Code)
- MAC-ID1 or  
MAC-ID1 and MAC-ID2 (readable Text) if supported by board
- "Pb-free" logo for RoHS compliant products

## Sample of the type label
